PLACES

SPINSTER 1994

This group of smiling sophomores are ready to show everyone their Hollins Pride! No matter where they go- to W&L or to dinner, they're "Off to Great Places!"

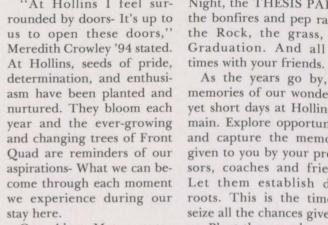

"Where shall I turn?" freshman Megan McCarthy asks as she finally cracks under the pressure of her weighty schedule; she has too many places to go at once.

Khrysti Coffman scribbles away as she adds lines to her script. She wants to be a movie character like Ursula in "The Little Mermaid" one day!

Places of Fun

As the seasons changed, many students reflected on their memories of Hollins. With the disappearance of summer or the incoming of spring, the campus bustled with activity and excitement. Remember on Tinker Day, when the seniors sang, "sometimes you want to go where everybody knows your name, and all the troubles are the all the troubles are the same...?" And Ring Night- smiling at those silly red-headed juniors turning cartwheels? And those fun times speeding down the road to Hampden-Sydney or W&L? Also, those sacred hours of free time during of free time during Short Term? And the Spring Picnic- when everyone listened to the beautiful voices of the HollinSingers? Remember those moments at Mill Mountain trying to choose which pie was the tastiest?

Whether the women of Hollins spent their time road-tripping, shouting at the pep ral-lies, or talking to friends late at night, they were bound to have a terrific time. The student life at Hollins was where all of the remarkable memories were framed. These places were the Places Of Fun!

Places Of Faces

Each person has contributed to Hollins in her own special way. The smallness of our school allows everyone to play a vital role. Hollins women do not feel branded as a number, as students from large universities do. Some strive to leave their mark through their academic achievements, while others leave behind sports and organizational milestones. Other women display their love for their school through their enthusiasm. All of these qualities draw people to Hollins. Each face pictured has contributed something important to Hollins, no matter how small or large that contribution may seem. Hollins is a place where every face stands out and everyone is recognized in their own way.

Another aspect of a junior year at Hollins includes going abroad, a program which many students take advantage of in order to expand their horizons. Students travelled all around the world to countries that included Japan, France, England, Spain and Russia. Coach yelled, "Five more sprints, and we'll start prac-ticing shots!" The exhausted players, gasping for breath, wiped their sweaty brows and continued, determined to improve their skills. Team members heartily slapped each other on the back and shouted to encourage one another. Team unity and dedication are two factors that comprise the key elements of Hollins' sports. The spirit of everyone involved drove them on. The soccer team seized the chance to play in the ODACs, the riders galloped after the chance to win Nationals again, the Tennis players burned balls, and everyone aspired to go for the Gold. The gym and the playing fields disci-plined its dedicated members, and were known as the Places of Spirit.

Thinking back to my first season, I realize how much the volleyball team has improved by excelling in athletic skill and performance. We brought home several Womens College Titles, won a Salem College Invitational and had several players place in the ODAC standings. One thing that hasn't changed over the years is Coach Turk. No one could ask for a more caring and enthusiastic coach. Good luck with next year's season and I hope you girls "LET IT ALL HANG OUT!"

Student Trainers Save the Day

Within the small training room in the locker room. Carleen Felicio-Overacker and her staff of student trainers made the pain and suffering of practice and competition more bearable. They prepared splints, ice, and bandages after a rough day of working out, but their days never ended when the scores were final.

Ten student trainers worked with Carleen this year. They arrived before meets and games to wrap strains and sprains so that all could play to the best of their abilities. Each of these students were volunteers, even though there were several pre-requisites. Trainers were required to be certified in American Red Cross CPR and Basic First Aid courses in addition to spending an hour each week for a non-acredited

course. Through classes and hands on experience, the trainers used modern techniques to help all recover from their injuries.

Carleen stressed that her trainers, all of whom were athletes, "really go without recognition; the course is not for credit and often the trainers get little thanks for all of their dedication."

Student trainer LePow commented, "We work to get athletes recuperated and back on the field as soon as possible without any strain." In addition to being a trainer, Kris strived to fulfill her requirements for the National Trainers Examination, which requires her to spend 1,500 hours in the training room before she graduates.

Erin Saluta, junior, explained, "I became interested in training after an injury which the doctors handled awkardly, and I wanted to learn more about it. . . I want to learn more about training so that I'll be able to use it in high school coaching. . ."

Despite all the expectations at each and every game, even on weekends, these trainers consistently gave time and energy to help out the injured. Tania Warren, a senior trainer, stated, "It is a very rewarding experience to work with such a capable woman as Carleen, and it will help me in my carreer as an occupational therapist." Dedication and untiring volunteerism make up the qualities of the student trainers and they ought to be thanked for all of their hard work.

Places of Dedication

In Hollins' closly knit community, there are about fifty organizations. Organizing this large number of activities seems like an incredible feat, but at Hollins, nothing is impossible. Not only do Hollins women excel academically, they perform well in extracurricular activities. Many are active in organizations such as SVEA, ADA, SHARE, the Spanish Club and BSA which were designed to peak everyone's interests. Hollins has a very active campus. What would the College be like without clubs like SGA that express the students' voices on campus? Everyone ought to be grateful for the variety of opportunities presented at this school. Students can express their individuality while contributing to the betterment of this community.

The Campus Activities Committee produced the major social events on campus this year including Oktoberfest, Fall Weekend, Crush Party, and Cotillion. The committee organized every aspect of each event, from booking the bands to cleaning up afterwards. Elected by the student body, they were dedicated to bringing quality entertainment to the Hollins community.

Co-Editor of the Spinster, Pauline Newton catches up on the sleep she missed from three all-nighters and the first big deadline.

The Hollins Columns staff sought a paper that emphasized student response and submissions and hoped to expand the paper by reporting news from all parts of the college. Their goals were free student expression and presentation a newspaper that would interest everyone. Since everyone on the staff was new this year, they worked hard to learn the ropes. The Roanoke-Salem Times offered advice and guidelines to the staff to teach them what running a newspaper is really like.

The Hollins Chapel Choir was a group of approximately 30 students directed by James Leland. The Choir assisted in worship at alternating Sunday evening chapel services and prepared two concerts each year, which were the White Gift Service at Christmastime and the Concert on Front Quad in the spring. Additionally, the Chapel Choir participated in a Choir exchange, sang at a local church service and sponsored other church choirs as they assisted in the Hollins Sunday Service.

Many of the conflicts between nations and people occur due to the ignorance of other cultures, traditions, and histories. The Hollins College MultiCultural Club sought to teach people about the many cultures and traditions throughout the world by active participation of club members in activities or events that educate and inform. Places of Work

The faculty strived to help each person according to his/her needs. The Administration struggled to keep things flowing, so that Hollins lived up to the high standards critics expected it to meet. The student body felt the pressure applied by faculty members to study so that their skills were honed to prepare them for the real world. Hollins welcomed the Horizon students and the coeducational graduate programs in Psychology and English. The segments benefited from each other. The graduates taught classes occasionally so that they could practice experiments; the undergraduates welcomed the change in ritual. Horizon students enjoyed competing against younger students. The mixed groups stimulated everyone's interest in learning which created a more closely knit environment.

Places of Ads

For the first time since 1990, Senior Ads were offered to seniors and their families. The response was incredi-ble. The families of many seniors contacted Margaret Dickerson, who organized the entire project, and sent photos, copy, and artwork. The 1994 Spinster staff hoped to make this a long term trend. Ads gave seniors the extra touch needed in their senior annual. Everyone knows how important the senior year is and how they will always treasure it. Many parents recognized this fact and wanted to tell their daughter how special she is or just how proud of her they are.
Of course, ads are

beneficial to the yearbook also. The money received from ads went directly to producing even better books for later years. Many thanks to all of the families of seniors who sup-ported Hollins this and every year.

CONGRATULATIONS JOY!

DEAR SMILA,

AT TWO YEARS OLD YOUR ACTIVITIES STARTED WITH BALLET (short lived!) AND QUICKLY SWITCHED TO SOCCER AND GYMNASTICS; BROWNIES, and GIRL SCOUTS. . . . TO MENTION A FEW. JUNIOR HIGH WAS JUST AS BUSY, PLUS YOU TWIRLED FOR TWO YEARS. THEN, . . . HIGH SCHOOL AND THOSE ACTIVITIES RESULTED IN FIVE SHEETS OF ACTIVITIES BEING ADDED TO EVERY COLLEGE APPLICATION. THEY COVERED YOUR SCHOOL, COMMUNITY AND RELIGIOUS ACTIVITIES. YOUR SUMMERS WERE SPENT AT CAMP LONGHORN (WHERE YOU AND JULIE HALE, HOLLINS COLLEGE, 1994) FIRST BECAME LIFETIME FRIENDS, LATER ON TRAVELLING AND DOING INTERNSHIPS.

THEN, . . . AT HOLLINS YOU WERE HONORED WITH BEING A CHARTER RECIPIENT OF THE BUXTON-SHAW LEADERSHIP SCHOLARSHIP; ELECTED FRESHMAN PRESIDENT; SGA REPRESENTATIVE; A MEMBER OF THE EXECUTIVE COUNCIL; INVOLVED WITH THE "LEADERSHIP CONFERENCE" w/ HAMPDEN SYDNEY and THE EXCHANGE w/VMI; YOU WORKED WITH ADMISSIONS AND PROSPECTIVES IN NUMEROUS WAYS: SERVED ON THE MOODY MONDAY AND LEADERSHIP DEVELOPMENT COMMITTEES; THE OFFICERS CLUB; LEADERS ON THE GROW; DID BUDGET HEARINGS FOR SGA AND THE LIST GOES ON AND ON. AND, . . . WE'LL ALWAYS REMEMBER THE DELICIOUS MEALS AT ALEXANDER'S.

AS YOU PREPARE TO GRADUATE AND ENTER THE "REAL WORLD" AS YOU AND YOUR PEERS REFER TO THIS TIME OF YOUR LIFE . . . WE WOULD LIKE TO WISH YOU AND YOUR CLASS LOTS OF GOOD HEALTH, HAPPINESS AND SUCCESS IN WHATEVER YOU MAY DO. JUST REMEMBER TO STRIVE TO HAVE A LOT OF PATIENCE IN YOUR DAILY LIFE AND SPRINKLE IT WITH A LITTLE RELIGION . . . AND ALL SHOULD WORK OUT FOR YOU JUST FINE.

ALL OF OUR LOVE, MOM AND DAD

P.S. YOUR SISTER CALLED AND ASKED ME TO ADD "HOW VERY PROUD" SHE IS OF YOU AND HOW NICE IT WILL BE TO MEET YOU AT SOME OF THE ACTIVITIES HELD ON CAMPUS FOR THE ALUMNI EACH YEAR. IT REALLY MAKES HER FEEL OLD FOR YOU TO GRADUATE FROM COLLEGE. ("I AM GLAD I AM NOT THE ONLY ONE YOU MAKE FEEL THAT WAY." . . . LOVE YA, MOM)

To my love, took it down,
climbed a mountain and turned around
and I saw my reflection in snow covered hills,
till the landside brought me down
Miller in the sky, what is love?
Can't the child within my heart rise above?
Can I sail thru the changes, ocean tides?
Can I have some season of my life?
Well, I've been afraid of changes,
cause I built my life around you ...
Which I may be bolder, even children get older,
now I'm getting older too.

The theme, The Places We'll Go emphasized the aspirations of the community of Hollins and explored the areas where the individuals of that region left their marks. This theme was a spin-off of SGA's theme, "Oh, The Places You'll Go" from the book by Dr. Seuss.

Tricia Shalibo redrew the map of the Old World for the endsheets. Ewald-Clark of Crossroads Mall took the responsibility of developing most of the photos. Special thanks go to Deidre Mattox, the Senior Class President, for collecting hundreds of photos from her class mates. The individual shots were taken by Candid Color her classmates. The individual shots were taken by Candid Color Photography, and the formal party pictures were obtained from

Aspen Photography.

Taylor Publishing Company of Dallas, Texas, printed the 1000 volumes of 224 pages each. This book was created using a Macintosh computer for the first time. The Series, Type Vision, Page Vision, and IndexVision compiled the pages. Type Seville was used for most of the copy, with the exception of the headlines and subheadlines, which displayed Athena and Athena Italic. The cover was designed using blue grain and silver foil. Bodoni Campanile was used for the lettering on the cover. The first sixteen pages used four color while the next sixteen were highlighted with Sunflower 9401H and Silver Aspen 9410H spot color.

Special thanks are extended to Lelia Crabtree, the Taylor Representative, for her words of encouragement and aid in getting the Spinster published. Christine LeFever proved very helpful in pointing out to the faculty of Hollins the importance of offering the vearbook as a class; Roger Bowen went out on a limb to organize the class and appoint two advisors. The 1994 annual is dedicated to

them.

The Places We'll Go...

Now we have left the lazy ones scattered on Front road that lies

In pleasant valleys and have sought the heights,

For we have lifted up our startl'd eyes
